

# Lauv, Kids Are Born Stars

I was in love her, she was in love with me  
At least that's what I thought it was  
I felt her on my skin but when the movie ended she just broke my heart  
Hmmm  
Ohhhh did I mean nothing to you?  
Tell me did I ever have a chance?

Girl, just kiss me before you miss me  
Said someday I'm gonna be a really big star  
Ohh uh  
Taste the moment before it's done  
Before you go and break my heart you should know I'mma be a really big star  
Ooh hoo  
Then it was over, I knew it just like that 'cause she stopped texting back  
I cried but it's cool she didn't come over  
But I knew that someday I knew I'd be a really, really, really, really big star

Way back before DMs, she sent me AIMs with less than threes for hearts  
Ohh  
Ohhhh did I mean nothing to you?  
Oh, Tell me did I ever have a chance?  
'Cause ohhh yeah I've been all alone and thinking way back to that 8th grade dance  
Oh, that dance sucked

Girl, just kiss me before you miss me  
Said someday I'm gonna be a really big star  
Ohh uh  
Taste the moment before it's done  
Before you go and break my heart you should know I'mma be a really big star  
Ooh hoo  
Then it was over, I knew it just like that 'cause she stopped texting back  
I cried but it's cool she didn't come over  
But I knew that someday I knew I'd be a really, really, really, really big star

What's up, Joshua?  
Joshua, can you do these lyrics?  
Yeah!  
Can you do them for me?

You should know I'mma be a really big star  
Someday I'm going to be a big star!  
Be a really big star!  
Someday I'm going to be a really big star!  
That's amazing  
Ari, sing it!

Girl, just kiss me before you miss me  
Said someday I'm gonna be a really big star  
Ohh uh  
Taste the moment before it's done  
Before you go and break my heart you should know I'mma be a really big star  
Ooh hoo  
Then it was over, I knew it just like that 'cause she stopped texting back  
I cried but it's cool she didn't come over  
But I knew that someday I knew I'd be a really, really, really, really big star
