

Lava La Rue, Vest & Boxers

I still recall our first late night,
Over indulged a cheeky bite,
Them Cotton sheets left half revealed,
Your collarbones bathed in moonlight,

Like ooo does she like me ?
could be my wifey -
Dancing round her living room
Till I crease up my Nikes...
Girl, know you want me?
Bedroom smells so lovely

I'm in my vest & boxers
Baby let me be ur hubby.

I swear it's only been 2 days,
But I'm thinking you the One
Honey, now what do ya say?
Did we mess up?
Caught feelings
On first dates...
Ain't been home in a hot while -
I'm thinking I might just stay ?

Don't wanna rush any decisions,
But can't suppress these intense feelings,
Every day simple -
and it's perfect.
Listen to SZA while we eating...

Like hickory dickory dock
How many times can ya finish round the clock?
Up all night -
We never say stop
If my arm gets tired,
Shawty imma just swap
Damn imma just swap
Now I bop to the shop
Re-up on the riz
Little snacks, the fizzy pop
need
Refreshments
For the V session
Hella de stressing
And we both on top
Yo!

Like ooo does she like me ?
could be my wifey -
Dancing round her living room
Till I crease up my Nikes...
Girl, know you want me?
Bedroom smells so lovely

in my vest & boxers
Baby let me be ur hubby,

I swear it's only been 2 days,
But I'm thinking you the One
Honey, now what do ya say?
Did we mess up?
Caught feelings
On first dates...

Ain't been home in a hot while -
I'm thinking I might just stay ?

They say it'll be short lived -
But I don't play to any of their rules
Versatile baby - take and give
But
I can be the Rue to your Jules!

Like ooo does she like me ?
could be my wifey -
Dancing round her living room
Till I crease up my Nikes...
Girl, know you want me?
Bedroom smells so lovely

in my vest & boxers
Baby let me be ur hubby,
