

LaVern Baker, Soul On Fire

Well I could play with Tom, Dick, and Harry
but for me you're the only one
Who makes me me shiver,
makes me tingle,
and who brings my loving down

I played the love game before I met him
It's a game I've always won
but now you set my soul on fire and I really had my fun

With other boyfriends, the good-time men friends
I still had to walk this road all by myself
I was their play girl, a careless gay girl
but I put them all on the shelf

I found my true love with you forever
and my life has just begun
cause now you set my soul on fire
and I really had my fun

Good bye to play boys
those hey hey hey boys
good bye to everyone but you my love
no more heart aches no more heart breaks
I swear by all the stars above,
well on my soul, my love, my heart
I'll miss you darling from now on
Cause now you set my soul on fire and I really had my fun
