

Lay, Sheep (Alan Walker Relift)

big things sure enough
there's a monster coming from the forest
sheep gang glorious
run thru the city with a message for it

[???

you can see my footprints on the concrete
everything I pictured all around me
gave on final warning
they're calling for the sheep

[???

big things sure enough
there's a monster coming from the forest
sheep gang glorious
run thru the city with a message for it

big things sure enough
there's a monster coming from the forest
sheep gang glorious
as the hearts burn all the sheep ate coming up
we are glorious
all the sheep ate coming up

[???
