

Lazy Town, Lazy Rockets

Racin' like a rocket
Rockin like a racer
Racing like a rocket
We're the Lazy Racers
And our ride is cool
So cool, it's gotta be cool
On wheels like this
We'll never have to walk to school
To school, we're driving to school
One thing is for sure
Nothing can get me down
When you're driving down the streets of LazyTown
Zoomin' down the track
With cool wind in your hair
Your hair, wind in your hair
The sky is clear
And you feel like a millionaire
Oh my, not a cloud in the sky
You gotta buckle up
And cool it down
When you're driving down the streets of LazyTown
Racin' like a rocket
Rockin like a racer
Racin' like a rocket
Rockin like a racer
We're the Lazy Rockets
And we're here to stay
The race is on
We're going all the way!
Bop boo dop, ba bop bop boo dop
Everything is ready
Time to bring it down
We're driving on the streets of LazyTown
