

# LCD Soundsystem, Daft Punk Is Playing At My House

Daft punk is playing at my house, my house  
I'll show you the ropes, kid, show you the ropes  
Got a bus and a trailer at my house, my house  
I'll show you the ropes kid, show you the ropes  
I bought fifteen cases for my house, my house  
All the furniture is in the garage  
Well daft punk is playing at my house, my house  
You got to set them up kid, set them up

You got to set 'em up, ooh ooh yeah (x2)  
You got the set them up, set them up

You got to set 'em up, ooh ooh yeah (x2)  
You got the set them up, set them up

Cow bell solo

Well everybody's lined up in my house, my house  
And Sarah's girlfriend is working the door  
Got everybody's PA in my house, my house  
All the robots descend from the bus  
There's a freak out brewing in my house, my house  
In the basement  
'Cause daft punk is playing at my house, my house  
You got to set them up kid, set them up

You got to set 'em up, ooh ooh yeah (x2)  
You got the set them up, set them up

You got to set 'em up, ooh ooh yeah (x2)  
You got the set them up, set them up

And never, never let them go  
No never, never, never let them go  
Never, never, never let them go  
Let them go
