

# LCD Soundsystem, Movement

It's like a movement from the small place  
To a bigger city  
Or it's a bigger bag to strap the ego of a little baby  
It's like a discipline without the discipline of  
All of the discipline  
It's like a culture  
Without the effort of all the culture

Oh but I'm tapped  
You're pillaging and I'm tapped  
You're yesterday  
And I'm tapped  
Another reason I'm tapped

It's like a movement  
Without the bother of all of the meaning  
It's like a discipline  
Without the discipline of all of the discipline  
It's like a fat guy in a t-shirt  
Doing all the saying  
It's like a couple dads and a few friends  
Trying hard to stay in

You're history and I'm tapped  
You're fast and easy and I'm tapped  
You're pillaging  
And I'm tapped  
For best results well I'm tapped

Here comes the report nothing to report see  
It's all the same  
It seems the punk rock as an experiment well  
It pulled up lame  
You got the fat guy in the t-shirt  
Doing all the singing  
Straight to the drunk tank doing the research  
Doing all the blame

You're history and I'm tapped  
You're fast asleep and I'm tapped  
You're pillaging and I'm tapped  
For best results well I'm tapped

It's like the culture  
Without the effort or all of the luggage  
It's like a discipline  
Without the discipline of all of the discipline  
It's like a movement  
Without the bother of the meaning  
It's like a culture  
Without the culture of all of the culture

You're history and I'm tapped  
You're fast and easy  
And I'm tapped  
You're pillaging and I'm tapped  
And you're finicky so I'm tapped
