

Le Tigre, The Cars That Go Boom

Intro

So many kinds were can we start?
We like them dumb and we like them smart
I like the ones with the pretty eyes
Well, I like all kinds of guys!
Stop, What happened?
How about the ones we especially like?
Which ones?

Ya know the ones with the cars that go...

I hear ya

Hit it

Verse 1

It was me and the posse

With Bunny D

We were cruisin in the Jag or the Lambourghinis
When low and behold there appeared a mirage
He was hooking up a car in his daddys garage
We stopped short did a double take
He was lookin so fine I thought I wasnt awake
He was obviously hooking up a bass I assumed
Then he turned the lil button and the car went BOOM!

Chorus

We like the cars

The cars that go boom

Were Tigre and Bunny and we like the boom

We like the cars

The cars that go boom

Were Tigre and Bunny and we like the boom

Verse 2

We like them short

And we like them tall

We like them one

And we like them all

There always adding speakers when they find the room
Cause they know we love the guys with the cars that go boom!
And see my boyfriend really knows where its at
He's got 50 inch woofers along the back
He makes a comment about going to my room
But Id rather stay out with his car that goes boom!

Chorus

Verse 3

Now if your car aint got it

Go out and get it

We like the boom

And dont you forget it

So turn down the treble

And flaunt your bass

So your car could be heard almost any place

Cuz when ya in the street you cant go far

Without hearin the boom pouring out ya car

So if ya speakers weak

Please turn it off

Cuz we like the cars that sound so tough

Chorus
