All I wanna do is make you dance with me

Up on me  
Holler at me

All I wanna do is make you dance with me

You say you wanna kick it  
Love the way you rock it, how you feel it  
Take me to the dance floor, I get your head spinning  
Went on good, now you talking about splitting  
I be your number one, boy, I keep on winning  
I?m young, you need to forget the other women  
You wanna dance with me, boy, you better bring it  
Boy, you better bring it

All I wanna do is make you dance with me  
/2x

Up on me  
Holler at me  
/3x

All I wanna do is make you dance with me
