

Lead Weight, Stalker (Proba)

You will never recognize me
And will not hear my genuine voice
And now for you only one is a truth
The only thing that you can see yourself

You will see only my shadow
You will hear only whisper behind back
Will not have time to blink
When sunset will come...

I am already given to force,
Which's ruled by my destiny.
I keep for nothing at all,
Therefore I have nothing to protect.
I don't have ideas,
Therefore I shall see.

I am afraid of nothing,
Therefore I shall remember myself.
Relinquished, with a light heart,
I shall slip past the Eagle,
To become free.
