

Leaf-Fat, Deep Inside

7 seconds and you're out
You never walk the same mile
One heartbeat you're the crowd
I'm still searching for your smile

Beating up with stupid questions
Explaining myself history
Im out of life suggestions
Deep inside is mystery...

Have you ever wanted to look inside?
Well get this story out of my sight!
Have you ever wanted to rearrange?
Youve got wrong, she's got right !!!

Deep inside in my head
There is rain, but im not wet
Deep inside in my mind
There is light, but I feel blind(I feel fine !!!)

Seven seconds I'll be gone, you're the one!
