

# Leaf-Fat, U.K.

Serene, I fall onto you,  
Posing different styles,  
Beneath in your underworld kingdom, kingdom

You took me by surprise,  
With your cheap tricks!!!  
With you on that fire,  
I wonder who'll fry first?

So fry, let it all burn!!!  
Serene, I fall onto you,  
Posing different styles,  
Beneath in your underworld kingdom

Shadows of young carcasses are covering the traces of our tender crime  
You left me here in the dark
