

Leaf-Fat, U.K.

Serene, I fall onto you,
Posing different styles,
Beneath in your underworld kingdom, kingdom

You took me by surprise,
With your cheap tricks!!!
With you on that fire,
I wonder who'll fry first?

So fry, let it all burn!!!
Serene, I fall onto you,
Posing different styles,
Beneath in your underworld kingdom

Shadows of young carcasses are covering the traces of our tender crime
You left me here in the dark
