

Leah Dizon, Drive Me Crazy

Hello my boy himitsu no basho de
ai shiteru furi suru no wa dare?
Something real, something more, pure.

tobidashite jumped into the cab
itemo tattemo irarenakute Ah...
Take me to him, forgive my sins, cleanse me

How could it be that someone as strong
as me falls down so hard?
Maybe, I'm really not that strong after all

What goes up Must come down
Hate me now? I bet you hate me...(now)

dou ni mo naranai tte
nani mo shite'nai kuse ni iwanaide
mou dou demo ii to itte

You drive me crazy, get away (x4)

Hello my friend hisashiburi da ne
kageguchi tataiteta noni naze?
Can see me now?
You like me now?... lies (Liar!)

shireba shiru hodo gimon bakari Ah...
"The more I learn, the less I know," help me

The king who sits so tirelessly on his throne before me
He knows I am his final sacrifice

Hate me now? I bet you hate me...(now)
