

LeAnn Rimes, Looking Through Your Eyes (Quest

Look at the sky
Tell me what do you see
Just close your eyes
And describe it to me
The heavens are sparkling with starlight tonight
Thats what I see through your eyes

I see the heavens each time that you smile
I hear your heartbeat just go on for miles
And suddenly I know why life is worthwhile
Thats what I see through your eyes

Here in the night
I see the sun
Here in the dark
Our two hearts are one
Its out of our hands
We cant stop what we have begun
And love just took me by surprise
Looking through your eyes

I look at myself
And instead I see us
Wherever I am now
It feels like enough
And I see a girl who is learning to trust
Thats what I see through your eyes

Here in the night
I see the sun
Here in the dark
Our two hearts are one
Its out of our hands
We cant stop what we have begun
And love just took me by surprise
Looking through your eyes

And there are some things we dont know
Sometimes a heart just needs to go
And there is so much I remember
Underneath the open sky with you forever

Here in the night
I see the sun
Here in the dark
Our two hearts are one
Its out of our hands
We cant stop what we have begun
And love just took me by surprise
Looking through your eyes
Looking through your eyes
