

Leanna, Good Lookin' Woman

She's a good lookin woman, so girls take hold of the men that you love
Cause in just one look shell have them kissing her feet and bitin their tongues
Shes like a hurricane, but the eye of the storm
Calm and mysterious, but on the back side a whore!

So, look here woman if youre listen to me
If you like it rough, Ill show you rough,
He belongs to me!!
This is for the women, sick and tired of your schemes,
So youd best retract, and get on back to your place on the streets,
To your place on the streetswoman!

Shes a good lookin woman, from the top straight to the ground
And she knows what shes got so shell take what she wants,
Doesnt matter whos round
Shes heartlessstill the talk of the town
And in those short skirts, she knows what works to try to steal what shes found!

So, look here woman if youre listen to me
If you like it rough, Ill show you rough,
He belongs to me!!
This is for the women, sick and tired of your schemes,
So youd best retract, and get on back to your place on the streets,
To your place on the streetswoman!
