

Leathermouth, I Am Going To Kill The President

If this is the front line
There's no hope for the world [x2]
Devils!
We're raised by fucking devils
Who've been raised by fucking devils
Wearing our saviors as skins [x2]
How can I believe what you say?
Your propaganda bullshit makes me sick
Murdered fascists make no promises
I'd shed your blood to fucking save the world
You're living a lie
Straight to hell
Straight to hell [x2]
If this is the front line
There's no hope for the world [x2]
Devils!
We're raised by fucking devils
Who've been raised by fucking devils
Wearing our saviors as skins [x2]
How can I believe what you say?
Your propaganda bullshit makes me sick
Murdered fascists make no noise
I'd shed your blood to fucking save the world
You're living a lie
Straight to hell
Straight to hell [x2]
Well I'd rather have my eyes sewn shut
Than see all the shit that we've done
And I'd rather be deaf, dumb and blind
Than pledge allegiance to a man of your kind
You put words in my mouth
I'd like to put a bullet in yours
I'll send you to hell
I'll send you to hell motherfucker
You're going to hell
You're going to hell with me motherfucker
