

Leaves, Catch

Two ways to save yourself:
The words you use, the things you do
How you move, these wandering shoes
Around the things you'd like to do

But wait, wait until we know
Wait but there it goes
We can catch it, but time is speeding up

Turn, turn your head around
Turn your waist and try
Make it work cause time is speeding up

So you think you have it all
A time to hesitate and fall
All the things you might have found
Are bound to crush you in the ground

(But wait, wait until we know
Wait but there it goes
We can catch it, time is speeding up

Turn, turn your head around
Turn your waist and try
Make it work cause time is speeding up) x3

But wait, wait until we know (Wait until we know)
Wait but there it goes (But there it goes)
We can catch it, time is speeding up (We'll catch it)

Turn, turn your head around (Turn your head around)
Turn your waist and try (Turn your waist)
Make it work cause time is speeding up (Make it work)
