

Leaves' Eyes, Lovelorn

You are a wandering shining star,
You light up the sky you take me so far
(Take me far).
One crystal inside my lonely heart,
You light up my life I embrace your light
(You're my light).

You're my healer,
I am lovelorn.
In the cool breeze
I hear your sweet voice.
I'm your treasure,
I am forlorn.
In the rain I feel your warm tears.

I can't forgive God and myself,
I should have been there to
Give you strength
(Be your strength).
One kingdom below the dark blue sea.
Hides my lovely Amelie
(I love you).

You're my healer,
I am lovelorn.
In the cool breeze
I hear your sweet voice.
I'm your treasure,
I am forlorn.
In the rain I feel your warm tears.

Lovelorn, you are gone.
(Lovelorn, lovelorn, lovelorn, lovelorn).
Where is your heart?
(where is your...?).
Lovelorn, you are gone.
(lovelorn, lovelorn, lovelorn)
Where is your heart?
(where is your...?).
Lovelorn, you are gone.
(lovelorn, lovelorn, lovelorn).

You're my healer,
I am lovelorn.
In the cool breeze
I hear your sweet voice.
I'm your treasure,
I am forlorn.
In the rain I feel your warm tears.
