

# Leaves' Eyes, Secret

I opened my eyes  
And greeted the new day.  
I follow your pathway  
To the secret of my pains.

Can you free me  
From these unsafe grounds?  
Secret, tell me where did she drown.

I'm moving away,  
But captured in your chains.  
I saw you in those waves,  
Those eyes, such pain.

Can you free me  
From these unsafe grounds?  
Secret, tell me where did she drown.

My heart knows,  
My mind knows  
I am torn.  
My mind knows  
When you're gone  
I'm forelorn.

Can you free me  
From these unsafe grounds?  
Secret, tell me where did she drown.
