You like music from rap to gospel but ya prolly neva heard nobody rap the gospel
Different sound but the truth's the same no choirs no bands but the truth remains
We got fam and the clique set the booth on flames St Louis others philly
Like Duce and Flame's if ya lost in the flow don't lose the name
It's Jesus Christ the king of the jews my mayn
This ain't entertainment dawg it's timeless truth
Would you rather hear a song about shiny coupes, nope
Non-fat non-gat non-killin rap, 100% christ da blood spilla rap
Yall feelin that, rap wrapped up with the gospel, ay trip dawg run it back
Yall feelin that? Rap wrapped up with the gospel ay trip dawg run it back

Trip Lee:

If in our car you hear that boom-bep and you hear some dude's rep
It ain't dem folks that boast, it's folks that tell you where the truth's at
We don't wanna hear about dimes and dope (nope)
We don't wanna hear about nines and smoke
We don't wanna hear about movin packs and foolish cats
Who lie and boast
We do wanna hear about Christ the king
Do wanna hear how lives is changed
We do wanna hear how God is pleased
And theology of the Bible mayn
