

Led Zeppelin, I've Got A Girl

I gotta tell you 'bout my baby
She's found another man
Gonna tell you 'bout my baby
She's found some other man
I know she don't love me
I think you will understand

I've got a girl, lives upon a hill

I've got a girl, and she lives upon a hill
I know she don't love me
But I beleive her sister will

Rollin' feet rollin' all day long
Rollin' rollin' rollin' rollin' all day long
I keep on rollin' baby
Ooh
