

# Leda, With Me

When looking at me  
what do you see  
cuz I been trying so hard  
tryin so hard to be  
what i've become  
these ghosts of mine  
and what they wanna know  
they wanna know  
before  
I die

(Will you come with me)  
That feeling before you run a red light  
Adrenaline faster than a dog fight

(Will you come with me)  
That feeling before you draw your last breath  
The kinda feeling before you take you last test

I just wanna say it doesn't matter where (You are)  
I just wanna say it doesn't matter who (You are with)  
I just wanna be with you (Be with you)  
I just wanna see with you (See with you)  
I just wanna (do it all with you)  
(Will you come with me)  
That feeling before you run a red light  
Adrenaline faster than a dog fight

(Will you come with me)  
That feeling before you draw your last breath  
The kinda feeling before you take you last test

I said oh  
I can see it all  
When I went away but you had to stay  
Cuz when apart  
Apart from you

You didn't send a word  
It was so hard to take

To take to take to take

(Will you come with me)  
That feeling before you run a red light  
Adrenaline faster than a dog fight

(Will you come with me)  
That feeling before you draw your last breath  
The kinda feeling before you take you last test
