

Lee Ann Womack, Mendocino County Line (Duet)

(Willie Nelson)

Counted the stars on th 4th of July
Wishing we were rockets bursting in the sky
Talking about redemption and leaving things behind
As the sun sank west of the Mendocino County Line

(Lee Ann Womack)

Scarce as as Monday morning feeling washed away
I orchastrated paradise couldn't make you stay
You dance with the horses through the sands of time
As the sun sinks west of the Mendocino County Line

(Willie Nelson)

I have these pictures and I
keep these photographs to
remind me of a time...

(Lee Ann)

These pictures and these photographs
let me know I'm doing fine

(Willie N.)

I use to make you happy once upon a time
But the sun sank west of the Mendocino County Line

The two of us together felt nothing but right
Feeling we're immortal every Friday Night

(Lee Ann)

Lost in our convictions
Lips stained with wine
As the sun sank west of the
Mendocino County Line

(Willie Nelson)

I have these pictures and I
keep these photographs to
remind me of a time...

(Lee Ann)

These pictures and these photographs
let me know I'm doing fine

(Willie N.)

I use to make you happy once upon a time
But the sun sank west of the Mendocino County Line

(Lee Ann)

I dont talk to you too much these days
I just thank the Lord pictures don't fade
I spent time with an angel just passing through
Now all that's left is this image of you

(Willie Nelson)

Counted the stars on th 4th of July
Wishing we were rockets bursting in the sky
Talking about redemption and leaving things behind

(Lee Ann)

I have these pictures and I
keep these photographs to
remind me of a time...

(Willie Nelson)

These pictures and these photographs
let me know I'm doing fine

We use to be so happy once upon a time (once upon a time)
But the sun sank west of the Mendocino County Line
And the sun sank west of the Mendocino County Line
Mendocino County Line
Mendocino County Line
Mendocino County Line
