

# Lee Roy Parnell, Heart's Desire

I can't think straight girl you're always on my mind  
It's keepin' me up late can't even get to work on time  
Got a fever burnin' up inside I see your face each time I close my eyes

You're my heart's desire always thinking of you  
Heart's desire girl I want you so bad  
Like a car spinnin' out of control with a blown out tire  
You're my heart's desire I do believe I love you  
Heart's desire best I never had  
Got a yearning down deep and I don't want to put out the fire  
Cause you're my heart's desire

You walk by I can barely speak your name  
You bat your eye and my courage goes down the drain  
My chest is poundin' and I must confess you're givin' me a card

You're my heart's desire always thinking of you...

[ guitar ]

Like a sweet tooth craving candy  
I got such a longing I can hardly stand it

You're my heart's desire always thinking of you...
