Lee Ryan, Close To You

Save me from myself I wanna love somebody else Someone like you Makes me smile the whole night through

Im Hungry for some answers Im Hunting for the truth You are what im looking for Please show me the way Please show me the way I'll do anything to be close to you And I'll be anyone that you want

If you let me know Where you run to Where you go All around the world I will follow

Coz im looking for the real thing Im haunted by the truth You can do anything you want I wanna be I wanna be with you

I'll do anything to be close to you And I'll be anyone that you want

Save me from myself i want you One more time i got to show you how i feel

[Chorus repeat]
