

Lee Ryan, I Can Let Go Now

It was so right,
It was so wrong almost at the same time.
The pain and ache a heart can take.
No one really knows when the memories clear.
And keep you here 'til you no longer care.
You can let go now.

It's wrong for me to cling to you.
Somehow I just needed time from what was to me.
It's not like me to hold somebody tight.
But I was tossed high on love.
I almost never came down.
Only to let in when love's no longer blind or I'm no longer blind.
I can let go now.
