Lee Ryan, Kissing You

All of the things I never did
I was waiting for the right time
All of the things I never said
I was waiting for the right line
When is the right time ever right?
I'll be waiting all my life
So I'm gonna show you now
Only way that I know how

And I don't care who sees
I don't care who tells who
I wish the whole world knew
Baby I've been kissing you
Though people walking by
May stare at you and I
The world is out a few
Baby when I'm kissing you
Baby when I'm kissing you

Girl I have nowhere left to go
I was waiting for the right time
Something you say to let me know
It was time to cross that line
All of the time I didn't know
That you were already mine
Let me take you all the way
Show you what the words can't say

And I don't care who sees
I don't care who tells who
I wish the whole world knew
Baby I've been kissing you
Though people walking by
May stare at you and I
The world is out a few
Baby when I'm kissing you
Baby when I'm kissing you

Oh why, should I hide?
When you're close to me
Is the only time I'm alive

And I don't care who sees
I don't care who tells who
I wish the whole world knew
Baby I've been kissing you
Though people walking by
May stare at you and I
The world is out a few
Baby when I'm kissing you
Baby when I'm kissing you

Baby when I'm kissing you
Baby when I'm kissing you
Baby when I'm kissing you
