

# Lee Ryan, Real Love

Some people find it hard to see  
But every time you look at me  
No doubt about it  
You are me we've got

Real Love, Cant stop it now  
Real Love, Cant hold it down

Real Love, if i needed to  
I'd give it all up for  
Real Love, dont ask for more  
Real love, im living for  
Real love aha  
And if you feel love  
Put your hands together like this ya

The way that i feel about you girl  
I wouldnt trade it  
For all the money in the world  
cause i can feel it  
You and me we got

When i wake up in the morning  
And feel you next to me  
I know im blessed from above  
Cause its all so clear to see  
That I've got real love

The love I've got for my people  
The love I've got for my family  
The love I've got for my music  
The love I've got for you  
This is real love.
