

Lee Ryan, These Words (Gold Horizon)

Have you ever seen the gold horizon
Touching on your heart it makes me weak
This is what she said to me
Whispered softly in my ear while sleeping

Walk the shore of life and don't be frightened
Every corner turned you'll see me there
Call my name reach out my hand let me know if I understand your grievance

(Chorus)
These words that you gave me
You loved and you made me
What you wanted me to see
is what you wanted me to be
these words that you gave me
you loved and you made me
what you wanted me to see
was what you wanted me to be
You are the making of me

One day you will see a gold horizon
tell me of the breaking on that day
you'll be old and I'll be gone
heckles you'll hear of our song
you'll listen (oh you'll listen)
