

# Lefonque Buckshot, Another Day

Another day  
Staring out of my window  
Thinkin' 'bout tomorrow  
Wishing things would clear  
No need to rush  
I ain't gonna worry  
Any moment my sorrow  
Is bound to disappear

Chorus:  
Sometimes I tell myself  
I'm better off without you  
And then I have to face the emptiness  
I feel inside without you  
And find a way to make it through another day

I need a way  
to find the truth within me  
Accept the fact that I love you  
My blue eternity  
I hear they say  
What doesn't kill you makes you stronger  
I must have the heart of a lion  
Sifting through love's remains

Chorus:  
Sometimes I tell myself  
I'm better off without you  
And then I have to face the emptiness  
I feel inside without you  
And find a way to make it through another day

My love for you is etched  
Forever in my memory  
Now I realize that life goes on  
Even though you're not here with me  
I wake up looking forward to another day  
A day of living without you  
I can't stand living without you  
Just another day
