

# Lefty, Bad Disease

Jacob met Michelle  
And they sort of fell in love  
Started out so beautiful  
It fit just like a glove  
Someone always ends up  
Saying something wrong  
They screw each other over  
And then they break up and move on

That's why  
I don't ever wanna fall in love  
It's just a bad disease  
That brings you to your kness  
And I don't ever wanna fall in love  
An open wound that bleeds  
The pain goes on and on  
Forever

Cindy got Michelle  
And they used to get it on  
Now she's always bitchin'  
'Cause she never comes home  
Stays out late  
Forgot to pay the rent  
Judging from the bump on the back of her head

That's why  
I don't ever wanna fall in love  
It's just a bad disease  
That brings you to your knees  
And I don't ever wanna fall in love  
An open wound that bleeds  
The pain goes on and on  
Forever  
It chews you up  
It spits you out  
It sets you up  
It knocks you down  
Forever  
It chews you up  
It spits you out  
It sets you up  
It knocks you down

Mom met dad  
But now it's all fucked  
One can't stand the other  
And the other's had enough  
Pierced his nose  
That's the final straw  
Packed him up  
And kicked him out  
And even kept the dog

I don't ever wanna fall in love  
It's just a bad disease  
That brings you to your knees  
I don't ever wanna fall in love  
An open wound that bleeds  
The pain goes on and on  
Forever  
Forever  
It chews you up  
It spits you out

It sets you up  
It knocks you down  
Love is just a bad disease  
Love is just a bad disease  
Love is just a bad disease  
Just a bad disease
