

# Lefty Frizzel, I Can't Get Over You To Save My Life

Last night my best friend drove me home  
Cause he knows I drink too much since you been gone  
He knows I'll mhm and die I can't get over you to save my life  
Suzy and Mary Lord how they tried to cheer me  
And honey said honey please don't you cry  
I said mhm let me die I can't get over you to save my life  
( steel )  
Tonight if some old buddy don't come by to drive me home and talk to me a while  
I might mhm and die I can't get over you to save my life  
Suzy and Mary...  
I can't get over you to save my life
