

# Lefty Frizzel, Is It Only That You're Lonely

Is it only that you're lonely and I happen to be near  
Will a beautiful beginning soon be ending with a tear  
Is it only that you're lonely for two arms to hold you tight  
Will you give your love tomorrow as you give your lips tonight  
That light that shines in your eyes I've seen many times and I knew  
Those eyes were just telling lies oh my darling are you  
Heaven knows how much I love you will you never set me free  
Is it only that you're lonely or lonely only for me  
That light that shines in your eyes...
