

Lefty Frizzel, Little Unfair

You want me to love just you while you love your share ain't that being a little unfair
It's me stay home while you stay gone till you decide to care
Ain't that being a little unfair
I can't see how it can be anything for me
What's mine is yours but what's yours is yours that's how you wanted to be
You want me to wait for you till you decide to care ain't that being a little unfair
[piano]
I can't see how it can be...
