

# Legion Of Doom, Destroy All Vampires

A star up in the sky  
A Poem to the dead  
Let this mistake  
Bring a vivid crystal to her eyes  
A star up in the sky  
A Poem to the dead  
Let this mistake  
Bring a vivid crystal to her eyes  
And if they get me and the sun goes down into the ground (A star up in the sky)  
And if they get me take this spike to my heart and (A Poem to the dead)  
(Let this mistake bring a vivid crystal to her eyes)  
Someone get me to the doctor, someone get me to a church  
Where they can pump this venom gaping hole  
And you must keep your soul like a secret in your throat  
And if they come and get me  
[Triune Rap]  
Someone get me to the doctor, and someone call the nurse  
And someone buy me roses, and someone burned the church  
We're hanging out with corpses, and driving in this hearse  
And someone save my soul tonight, please save my soul  
A star up in the sky  
A Poem to the dead  
Let this mistake  
Bring a vivid crystal to her eyes  
Let me walk on high wire of rusty nails  
A star up in the sky  
A poem to the dead  
Let this mistake  
Bring a vivid crystal to her eyes  
So drain out my lungs  
Before the fluid brings a choke  
I can not inhale the sparkle of your voice  
A star up in the sky  
A poem to the dead  
Let this mistake  
Bring a vivid crystal to her eyes  
So drain out my lungs  
Before the fluid brings a choke  
I can not inhale the sparkle of your voice
