

Lehnen, Digital Bells

can you hear it the digital bells?
the turquoise tearless eye of the swell?
are you watching all your favorite shows?
or is your tv just watching you get old?
can you tell me why i'm shivering?
could it be from the loss of my limbs?
all we are is electric feelings.
cut my lifeline i'm ready to live.
i'm alright.
i will watch you through an hourglass.
and measure my life by the trials you pass.
are you watching all your favorite shows?
or is your tv just watching you get old?
can you tell me why i'm shivering?
could it be from the loss of my limbs?
all we are is electric feelings.
cut my lifeline i'm ready to live.
i'm alright.
