

Leigh Nash, You're Here

My life is up and it is down
I try to keep both feet on the ground
Your love is all that gets me through
All I need on this earth is You

And I can hear Your voice reciting
"I'm here, I'm closer than your breath
I've conquered even death
I am still here
And just like I was then
You cant remember when I was not here";

Jesus, You're the author of my heart
Told me you wanted every part
And now my life and its demands
Are resting safety in Your hands

And I can hear Your voice inviting
"I'm here, I'll never leave your side
My stubborn weary child
I am still here
Please let Me lead you on
Your race is already won
I am Your God";
