

Leila K, Glam!

Wow
Dawn
Rush (rush-rush)

Yeah-eh-eh
Shit

G to the L to the A to the M
What next, with a star
Leila K. kicking up
Original? Who, me?
Yuck, stop the glitter
Sound like a star
But the Glam's gonna get you
C'mon, c'mon put your hands in the air
Pick up your chits
Move your hips
Check your ear
Put on your best
Get ready for the fact, yam
Don't ask who the man
We gotta Glam

GO!
What do you want?
What do you need?
What you get
Is what you see!
GO!
What do you want?
What do you need?
What you get
Is what you see!

Yeah!
Rush (rush-rush)

So damn with the Glam
As I spin with the record
Bounce up and down
As I release the metal
Here we go, me to
One weekend, ramps
I hypnotize with the Glam to their eyes
We will discover that
They're kicking it from Mars
Don't ask me why
Just jam with the stars
Yep, here we come
With a rum-di-di-rum
Some don't ask to jam
Here we come
Here we go

GO!
What do you want?
What do you need?
What you get
Is what you see!
GO!
What do you want?
What do you need?
What you get
Is what you see!

G to the L to the A to the M
What next, with a star
Leila K. kicking up
Original? Who, me?
Yuck, stop the glitter
Sound like a star
But the Glam's gonna get you
C'mon, c'mon put your hands in the air
Pick up your chits
Move your hips
Check your ear
Put on your best
Get ready for the fact, yam
Don't ask who the man
We gotta Glam

GO!
Uh!
Yeah!

What do you want?
What do you need?
What you get
Is what you see!
GO!
What do you want?
What do you need?
What you get
Is what you see!

GO!
What do you want?
What do you need?
What you get
Is what you see!
GO!
What do you want?
What do you need?
What you get
Is what you see!

GO!
What do you want?
What do you need?
What you get
Is what you see!
GO!
What do you want?
What do you need?
What you get
Is what you see!

YEEEEEE-OW!!!
