

# Leila K, Slow Motion

Long time ya noh fiesty man top of urgean□□□  
Never cost us more champagne di Leila K.  
Slow motion in the way to all de pears a summerbreeze

Quinty's got the mic, mi-a Leila K, super trooper oman-a  
Sambo-tall is their elector, and that's official: star

Long time noh seen that colored people won't get up  
So mi haffi bring damn water, Fiko fill up all di cup  
Get up and let di party begin  
Pass di microphone, let me fling a little ting, yes  
Mi super, mi super on di vibration  
And me fly up on the stage, like mi super oman-a  
Donwise and in a slower motion  
Lady K-a bring da beat for colored people of this town□□

Inside your body move galactic work

Slow Motion  
Nobody call for kali

Slow Motion  
Slow Motion

Now in each and every crowd the muffle fling a rub-a-dub  
Making music like an afro-maniac or like a droid□□  
Hypnotizing people like a star shine bright  
With the early-in-the-morning noise, late at night  
Warm up your body like a new pull-over□□□  
If you want we call the lot and call the call it fully improper  
Reggae every day can call di world over  
U see reggae every day can call di world over

Inside your body move galactic work

Slow Motion  
Nobody call for kali

Long time noh seen that colored people won't get up  
So mi haffi bring damn water, Fiko fill up all di cup  
Get up and let di party begin  
Pass di microphone, let me fling a little ting, yes  
Mi super, mi super on di vibration  
And me fly up on the stage, like mi super oman-a  
Donwise and in a slower motion  
Lady K-a bring da beat for colored people of this town
