

Lemar, What About Love?

What if I took my time to love you?
What if I put no one above you?
What if I did the things
That really mattered?
What if I ran through
Hoops of disaster?

No one would care if
We never made it
We're in this alone
So why don't we face it
There is no room to
Blame one another
We just need time to
Forgive each other

[Chorus:]
What about love?
What about feeling?
What about all the things that make life worth living?
What about faith?
What about trust?
And tell me baby...what about us?

How can I give this
Love a new beginning?
How can I stop the rain?
It's never ending
How do I keep my soul believing?
Memories of how we
Should be keep calling

[Chorus]

I'll take the rivers rise
I'll take the happy times
I'll take the moments of disaster

[Chorus]
