

Lemon Demon, Fly Away

<i>This song was written by Jackson Wetherbee.</i>

Sweet inspiration, come to me
Buy me a crown, I'll be your king
Fly me away to a far-off dream
If I stay here, I think I'll scream

And I wanna
Fly away
I wanna fly away
To another day
It's time to
Fly away, oh no
Just fly away
To another day

By myself on a sunken ship
Gonna fly that ship out into that sunset
Commanding my ship with expertise
Just takin' in that sea-salt breeze

I'm gonna
Fly away
I wanna fly away
To another day
We've gotta
Fly away
Oh, fly away
To another day

Fly away to another day
Fly away to another day
Fly away today
Fly away today
Oh
Fly away to another day
Fly away to another day
Come on and
Fly away to another day
Today, fly away

Fly away, fly away
Fly away, fly away
Fly away, fly away
Fly away, fly away

Fly away, I gotta
Fly away to another day
Fly away, oh
Fly away to another day

Fly away, all I wanna do is
Fly away to another day
Fly away, watch me
Fly away to another day
