

Lemon Demon, Mothers All Over The World

<i>(Wow!)</i>

Don't bring anyone's mother into this.

Don't bring anyone's mother into this.

Don't bring anyone's mother into this.

Don't bring anyone's mother into this.

She ain't here, but if it wasn't for your mother, you wouldn't be here.

So remember, when you put down one mother, you put down mothers all over the world.

So remember, when you put down one mother, you put down mothers all over the world.

(You put down mothers all over the world.)

You put down mothers all over the world.

(You put down mothers all over the world.)

You put down mothers all over the world.

(You put down mothers all over the world.)

You put down mothers all over the world.

(You put down mothers all over the world.)

You put down mothers all over the world.

You put down mothers all over the world.

You put down mothers all over the world.

You put down mothers all over the world.

You put down mothers all over the world.

You put down mothers all over the world.

You put down mothers all over the world.

You put down mothers all over the world.

You put down mothers all over the world.
