

# Lemon Demon, You Got A Toothache

You got a toothache? I don't care,  
Cause you wouldn't believe what I've seen.  
Well, would you believe I'm blind as a batlike creature.  
Maybe I'm not, but that's beside the point.

Found objects in front of page would  
Allow me to speak when spoken to,  
And I tiptoe ever so lightly round  
That you're kidnapped unawares.  
Yes indeed.
