

Lemonator, California

You love me
You love me
You love me like you love no one

You leave me
You leave me
You leave me for the second time

You come back
You come back
You come back like you did before

You're wasted
You're wasted
You're wasted like you were in

California, fairyland
California, you can't look bad

We're over
We're over
We're over with this you and me

You're happy
I'm happy
We're happy in our make believe

You're with another one
You're with another one
You're with that neighbour's deep tanned blonde

You scumbag
You scumbag
You're scum and you can go to

California, fairyland
California, you can't look bad
California, fairyland
California, you can't look bad

No, no you can't be like that
No way, I can't be like that
Oh no, we'll soon be like that

California, fairyland
California, you can't look bad
California, fairyland
California, you can't look bad
