

Lena Marzec, You & Me

It's up to us
If we wanna see a change
Not let it stay this way

We have the strength
To make a better place
Will you meet me half way

I know , we both know
It could be a long road
But we have this goal
We can't let it go
We'll put in the time
Til the morning alive
Leaving you behind

You and me
We are the soldiers
Our armor is our love
When we believe
One in another
We won't give up
