Lena Marzec, You & Me

It's up to us If we wanna see a change Not let it stay this way

We have the strengh To make a better place Will you meet me half way

I know, we both know It could be a long road But we have this goal We can't let it go We'll put in the time Til teh morning alive Leaving you behind

You and me
We are the soldiers
Our armor is our love
When we belive
One in another
We won't give up
