

# Lene Nystrom, It's Your Duty

Ooh don't be shy  
Feed your appetite  
You go the rocket fuel  
Ignition ready  
Ooh ooh  
So fire it up  
Don't hide it hype it up  
They're watching us so what  
Don't you know that?  
Some people are born too shut up  
And sit behind the desk  
Some people are born to be safe and cannot take a risk  
Handcuff up your boss yeah be rough  
He might like it like it  
He'll get a rise you'll get a raise  
Don't tell his wife about it  
Oooh it's your duty duty  
To shake that booty booty  
Small fat or round or juicy  
(You are what they desire)  
Oooh it's your duty duty  
To shake that booty booty  
So what you waiting for  
(You are what they desire)  
Shake it shake it shake it shake it  
(You are what they desire)  
Ooh  
Straight or gay  
Just swing it either way  
You got to whip it up  
Into a frenzy  
Ooh  
It's what you feel  
Get the flesh out for real  
Flash it it's no big deal  
Don't you know that?  
Some people are born too shut up  
And sit behind the desk  
Some people are born to be safe  
And cannot take a risk  
Handcuff up your boss yeah be rough  
He might like it like it  
He'll get a rise you'll get a raise  
Don't tell her man about it
