

Lennie Moreno, Never Wanna Leave You

Once upon a time not long ago,
You were right there feeling on the nicest flow,
Licking on the low but I got to go,
Got to keep a job making dough
If I want to make the plans and I got to take a chance,
One year living in a different land,
Now hand in hand let's do this thing,
Never want to leave when I'm with you,
Never want to hang up, all about the little freaky things when I kiss you,
When you're not there, I got to wipe a tear with a tissue,
But we got a issue and what you got to know is that I miss you,
Day and night I want to do what's right,
Treat you right, save your life from the vices,
Take you places, exchanging faces, sharing spaces,
Time goes by and I'm trying to figure out what I really want to do,
I want to be with you, you, there is no 2, my heart is filled and there ain't no room,
Ain't no syrup, ain't no spoon, ain't no bride, ain't no groom,
Boom boom boom, my heart just jumped,
Everybody knows that my love is fun,
East, I really want to run to the one,
Kiss I really give it by the ton. Fun, let's walk to the sun,
You are my number one,
I'm counting all the days, 28-29, and I know that you'll be mine
And I'm tripping by the signs, you're on my mind, like all the time,
It doesn't take a day to recognize sunshine,
Line divine: body so fine I vandalize sometimes.

Chorus 2x:

You, you, you, I want to spend my life with you,
You, you and I hang all the time and
You, you, you I want to take my time with you, you
Never wanna leave you, love.

1-2-3 to the 4,

1- Remember when we met, love at first sight,
Talk on point and it feels alright,
Thinking about you is what I felt all night, right,
Jeg elsker dig (I love you in Danish)
Now I want to do what I said yesterday,
I want to run away, me, you, that's all I pray,
2- I find you so cute, true,
What I feel inside I know you feel it too,
Making sure you're good is what I want to do,
Everybody knows you can fit in my crew,
You're the best, you're the best and no one can test:
Nobody can test and I'm counting all the rest and I know that I'm blessed,
At last, I'm feeling all good and it's all I need, it's all I see.

You and me, I feel so free, love is strong like M. Ali,

3- Even more big than your friend called Rie,
Like I said before I said I'm loving deep,
Think about you I make it in my sleep,
In my head and even in my dreams,
Think about the past now think about the path,
Think about that,

4- We laugh to the core, sure,

Let's sex to the flow,
Ripping my clothes and licking my toes,
I really want to wild out good let's go!
Now I want to trip I want to do it in the crib,
Just lay back I'm going to do it with a strip,
Jump in the bed you can do it in a flip,
Now I want to chill, bringing love I will,
That's how I feel,
And that's the deal!

Chorus 2x
