

# Lennon, One Or The Other

Verse:

What are you hiding from  
Who are you pretending to be  
3000 miles of separation, you're still real to me  
Turn the lights down low  
Shut off the phone  
Living life through the words you hear on the radio

Chorus:

You and your other side have a choice to make  
You're either one or the other  
Heads or tails, toss the coin  
You're either one or the other

Verse:

Who are you hiding from  
Two faces one man  
Trying to decide the better of the two  
Behind a plastic wall  
Your secrets finally out  
It takes a wall for the real you to break through

Chorus:

You and your other side have a choice to make  
You're either one or the other  
Heads or tails, toss the coin  
You're either one or the other

Bridge:

(musical)

Chorus:

You and your other side have a choice to make  
You're either one or the other  
Heads or tails, toss the coin  
You're either one or the other  
You and your other side have a choice to make  
You're either one or the other  
Heads or tails, toss the coin  
You're either one or the other
